

I Hear Your Heart's Voice

I have stepped into the silence,
So as to hear your Heart's voice,
Its wordless language of truth,
Is re-awakening my soul,
To be all that I am, and all I can be

A kindred flame of compassion,
Is glowing with such beauty,
And a potential that yearns for release,
I see truth in your eyes,
And I feel kindness in your heart,
Within your voice there is such tenderness,
And I sense deep wisdom in your smile

The Universal Light is aglow
Through streams of vibrant energy
Like cascades of rays, from the sky
Filling us with innate awareness
Such a deep primal calling
From the Source to our true essence
Unfolding its wake within
And blossoming into infinite realms of wonder

Our life is a spiritual voyage,
With shores yet to be explored and experienced,
But do we have the courage to be vulnerable?
To eventually overcome our fears?

Many upon the Earth are awakening,
And are beginning to see,
That we are an interconnected family,
Within a vast ocean of life

It is now time to swim with the currents,
And to be guided by Love,
As it is impossible to be separate,
From God's unfolding purpose,
And through embracing our sovereignty,
We will resonate together in Oneness,
And by simply living from our hearts,
We can transcend all challenges and difficulties in time.
