

# The Warriors of Light

The Warriors of Light are Gathering...

Around the Sacred Fire of Truth...

They have followed the Echo of their Soul...

And have been brought into Convergence...

With each breath they have drawn nearer...

To the central Connection of their Beings...

With each Pulsing Beat of their Hearts...

They Feel the profound rhythms of Love...

As they stand side by side...

In a deep resonance of strength...

They have joined forces together...

And are now synchronised as One...

As they peer through all distortion...

They realise that a new Era has begun...

And as the new Golden age is emerging...

And the veils of illusion are gradually removed...

In will flow a resurgence of Truth...

And a higher vibration of Love shall be born...

With True Courage and Honour...

And through the Heart of Respect...

The Sovereign Reality is beginning to appear...

Within the Silent Presence of Authenticity...

Within the Piercing Gaze of the Genuine Heart...

And With the Passionate Surge of the Rising Spirit...

All shall be revealed and embraced...
